Dear Dr. Schlottfeldt:

Thank you for your letter of November 4 with reference to Mr. Wander Said who would like to take up studies in extension methods with our Mexican Agricultural Program.

We would suggest that Mr. Said write directly to Dr. Delbert Myren (Calle Londres 40, México 6, D.F., México), who is in charge of our program in extension methods in Mexico, to ascertain whether or not Dr. Myren could receive him for a period of study and to determine at the same time what sort of training program would be most appropriate.

Mr. Said's chances for qualifying for a scholarship would be greatly enhanced if he were to have a permanent position to which to return in Brazil in his chosen field of study.

Very sincerely yours,

John J. McKelvey, Jr.
