Dear Mr. Brand:

Your letter of June 25, 1960, regarding the amendment for the import license came to my attention when I took as the Director of Escola Superior de Agricultura. I found that the amendment to the import license was sent directly from the President's Office in Belo Horizonte to you in a letter dated July 9, 1960.

If there is anything else which needs to be done, let me know as soon as possible.

Sincerely yours,

J. Al.
