Dear Dr. Magalhaes:

You will recall that The Rockefeller Foundation has made modest outright grants toward the general support of institutions in which Rockefeller Foundation Fellows and Scholars pursue their studies, on the basis of \$1,000 for a full year and \$500 for a half year of such study. I am happy to enclose a check which represents a similar grant for the academic year 1966-1967. These funds are at the disposal of your institution at its complete discretion.

For your convenience we are enclosing a simple acknowledgment of receipt to be signed by the appropriate officer at your institution.

Sincerely yours,

N.C. \$ 4,045,25
