Dear Mr. Gillette:

To facilitate purchase of equipment for the home Economics school at the rural university at Vicosa, Minas Gerais, Brazil I would appreciate it if you would deposit the sum of \$5,000 to the account of "Escola Ciencias Domesticas" de UREMG in the United Bank of Farmington, Farmington, Missouri. I have opened this account with the deposit of one dollar. I am enclosing some deposit envelopes if you care to use them.

In addition to the \$5,000 to be deposited to the school account there is a thousand dollars due me in reimbursement for a check of a thousand dollars I converted into cruzeiros before leaving Brazil to purchase some equipment and furnishings there. The cruzeiros were bought at the open market rate of 55 to a dollar. I also have a personal account at the United Bank of Farmington if you care to have this deposited to my account there. If it would be simpler the extra thousand could be deposited to the school account and I could draw on it.

There is some equipment I plan to take back with me when I sail the tenth of June so I would appreciate the money being deposited soon.

I am assuming that shipping, insurance and crating charges ~~are~~ can be charged to the account. If this is not the case I would appreciate ~~knowing~~ knowing.

Very truly yours,

Anita Dickson
Associate in Home Economics
