NEW YORK 20 - N.Y.

Dr. MacKelvey Jr.

Mr. Couto has requested me to write to you saying that he has been authorized to extend his stay in the United States to the end of 1955 which I am doing now. Some days ago I sent to you a statement on this respect that might not be entirely clear in its purposes because of an incomplete telephone call that was received in Viçosa. But I hope it was good enough.

Dr. Stakman visited this school and stayed here from Aug. 2 to Aug. 4. Will you tell him that a baby girl was born in the late afternoon?

Sincerely yours,

Escola Superior de Agricultura
