Dear Dr. Schlottfeldt:

Mr. Byron MacLellan, our staff photographer, is planning a trip through part of South America during the months of September and October. During this trip he will be making stops at various institutions in the fields of agricultural and veterinary education and research.

The primary purpose of Mr. MacLellan's trip is to obtain a series of photographs of institutions, laboratories, etc., in which the Rockefeller Foundation has been interested and has cooperated through various sorts of support. This, we feel, will give us a pictorial as well as a written record of certain of our agricultural activities in Latin America.

Unfortunately, I cannot give you the exact dates on which Mr. MacLellan will be visiting your institution, and, in fact, it is possible that uncertainties of travel may cause him to bypass certain stops on this trip and make them at some later date. However, this letter is to inform you that Mr. MacLellan hopes to visit your institution and to tell you that we would appreciate anything which you and the members of your staff might be able to do to help him during his visit.

Sincerely yours,

Dear Sir:

I have in my hands your letter addressed to Dr. Schlottfeldt, former Director of this College.

Dr. Schlottfeldt, on ending his three years term, passed the direction of this institution to me as the Dean of the Faculty.

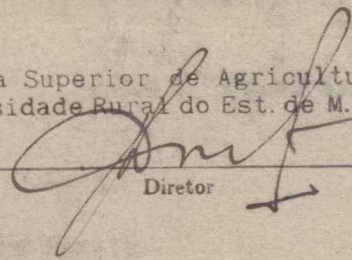

We will be glad to receive Mr. Byron MacLellan any time he can come.

It will be a pleasure to have him as a guest and we will be glad to give him any assistance at our disposal.

Please ask him to let us know well in advance.
