Dear Sir:

Your letter of May 22 arrived the day before I left for the 5^o Panamerican Seed Seminar, helded in Venezuela, and so, only now I presented to the Magnífico Reitor the budget for the first semester of the Vegetable seed germplasm project.

Thank you for your information about Dr. Erickson's grant and his personal expenses. The Institute has already a 35 mm Practina reflex cammera which will be available for his needs.

The budget presented was based on:

- a) Per diem: Food cost in big cities 12.000/day
 Food cost in small cities 10.000/day
 Lodging - per receipt
- b) Transportation - 200 per kilometer
- c) Hand labor - at the same bases paid by the University. The hand labor will be contracted when the normal crew will not be available.

I would appreciate very much to have your comments on this expenses and the rates above mentioned.

Sincerely yours

Flavio A. A. Couto
