Dear Mr. Schlottfeldt,

I wish to refer to my letter of the 5th September and regret not having received a reply from you so far. The original papers for the 1st partshipment which has taken place on the 20th July by MS "KAP VILANO" to Rio de Janeiro have been sent to you as per my registered letter of the 7th August, 1957.

As I am in urgent need of payment for the shipment made I cabled you to-day as follows:

"SCHLOTTFELDT. UNIVERSIDADE RURAL, VICOSA, BRASILIEN. No REMITTANCES RECEIVED PLEASE RUSH INVOICES TO ROCKEFELLER FOR PAYMENT STOP ANXIOUSLY AWAITING INSTRUCTIONS FOR FURTHER SHIPMENTS. KOLB"

Please be kind enough to attend immediately to this matter and to pass on my invoice duly okayed by you to Rockefeller, New York.

As per the instructions given to you with my letter I have not made further shipments pending on the receipt of your advice as to a "previous licence". The balance of your orders is ready for immediate shipment with only very few exceptions.

In as much as I have paid already the manufacturers not only for the 1st shipment but also for those goods which can be shipped immediately after receipt of your instructions, there is quite a considerable amount open now and I hope that you will not fail to take the necessary steps requested in my telegram.

With best regards I remain, dear Mr. Schlottfeldt,

Very truly yours,
