Dear Dr. Schlottfeldt:

On Dr. McKelvey's arrival in New York, he discussed with us some of the points which you and he talked about in Belo Horizonte with respect to the \$200,000 appropriation the Foundation recently awarded to the school at Viçosa, on the understanding that the State Government would provide special funds in the amount of 10,000,000 cruzeiros over the next three years.

We are pleased to learn that the Assembly of the State of Minas Gerais is acting upon the Governor's recommendation for an appropriation of 10,000,000 cruzeiros for the School of Agriculture. As soon as this is accomplished, please advise us so that we may arrange to release such portions of the appropriation available during 1956. As you, of course, understand, it is necessary for us to have assurance that the State has provided the funds, described in the Governor's letter to us, before we can proceed.

Sincerely yours,

J. G. Harrar
