Dear Kirby:

I am writing in reference to Antonio Teixeira Fihlo who has requested a scholarship from the Rockefeller Foundation to support him in his graduate studies leading to the Ph.D. degree in agricultural economics at Purdue University.

Since Woods Thomas brought you up to date on his background, I will only add my support to his general recommendation. Antonio is one of the brightest young men I have had the pleasure of working with and has the potential to make a substantial contribution to the field of agricultural economics, not only in his own country, but in the world at large. I recommend him very strongly for fellowship support.

Best regards.

Sincerely,
