Dear Dr. Schlottfeldt:

Thank you very much for your letter of May 28 recommending that consideration be given to extending Mr. Maestri's fellowship for a period of six months. We shall be glad to take this matter up with our fellowship committee.

Evidently you did not receive a second letter I sent you on April 10, and I am enclosing a copy of it.

I am planning to be in Belo Horizonte on Wednesday and Thursday, June 19 and 20, and will be staying at the Normandie Hotel. While I am in Belo Horizonte I expect to see Professor Antonio Vieira Machado, Director of the School of Veterinary Medicine. I also want to meet the new Rector of the Rural University and to discuss matters of mutual interest with him. I am, of course, also hoping to meet you to discuss a number of matters which are pending in regard to the administration of our grant to the School of Agriculture.

If it is possible for me to finish the business which I have in Belo Horizonte I may be able to come to Vicososa on Thursday, June 20. If I do visit Vicososa, however, I will have to make the trip in one day, leaving Belo Horizonte by plane early in the morning and returning that evening.

I am looking forward to seeing you soon.

Very sincerely yours,
