Dear Mr. Schlottfeldt,

I wish to refer to my letter of the 7th August, 1957 and ask you to kindly acknowledge receipt of the papers submitted to you in the enclosure of this letter.

I hope that in the meantime you have examined my invoice and passed it on to the Rockefeller Foundation, New York, for payment. As the amount involved in this 1st shipment is rather considerable I would very much appreciate if you would pass my invoice immediately on to New York, if you have not already done so.

As I am on good terms with the Rockefeller Foundation my agreements with same are such that they pay my invoices within 2 weeks after receipt of the shipping documents.

With best regards I remain, dear Mr. Schlottfeldt, thanking you for your kind co-operation,
