Dear Dr. Schlottfeldt:

I have just talked with Dr. Wellhausen, who is in charge of the Foundation's interamerican corn improvement program, about the possibility of accepting your third year student Jose Flavio Candido in 1961. He says that he thinks that the possibilities are very good, that he will write to you, and that he hopes to visit Viçosa sometime during the coming year when he will have an opportunity to talk personally with you and with Mr. Candido.

With very best personal regards.

Sincerely,

*D. T. Myren*
