<i>Carlos S. Schlottfeldt</i> Director		

September 2, 1957

Dear Mr. Chaves:

This is in further acknowledgment of your letter of August 12 about the possibility of your qualifying for one of our fellowships to enable you to take up advanced studies in plant pathology at the University of Wisconsin.

It would be appropriate for you to make inquiry as to whether or not you could be received at the University of Wisconsin for the period of time you would propose to carry on graduate studies under Dr. J. C. Walker's direction.

We understand that as a preliminary step in making application for a fellowship you have discussed your plans with Dr. Schlottfeldt, Director of the School of Agriculture, and that he is in accord with them.

When you have arranged a tentative study program, we shall be glad to forward to you the necessary forms for you to complete, as documentation for your application.

Very sincerely yours,

John J. McKelvey, Jr.

Mr. Geraldo Martins Chaves
