THE ROCKEFELLER FOUNDATION
111 WEST 50TH STREET
New York, N. Y. 10020

April 21, 1967

Dear Mr. Barbosa:

I am glad to be able to inform you that you have been awarded a Rockefeller Foundation scholarship in Plant Science for study leading to an advanced degree under the direction of Dr. David V. Glover, Department of Agronomy, Purdue University, Lafayette, Indiana, and/or at other authorized centers. This scholarship will be available for a period not to exceed twelve months beginning approximately September 1, 1967, and carries with it a monthly stipend of \$300 payable for the period of your actual study, a monthly family allowance of \$100 if your wife accompanies you to or joins you in the United States, and provision for authorized fees, tuition, and expenses of travel. The beginning date may be adjusted somewhat to meet your convenience and that of your institution. A minimum extension of this appointment may be considered in order to permit completion of the degree program.

If your wife plans to accompany you to or join you in this country, the Foundation is prepared to finance her round-trip travel to the United States provided she spends at least six months with you at your study post.

You will soon receive instructions from our Travel office in New York regarding your travel and visa arrangements.

Your advisers at the Foundation will be Mr. Jesse P. Perry, Jr., and Mr. R. L. Fischelis, with whom you should correspond about any questions which may arise in connection with your scholarship experience.

The enclosed booklet, "Information for Fellows and Scholars," will explain the procedures to be followed while you are a Rockefeller Foundation scholar, and it is suggested that you read it carefully. Following the beginning of your scholarship study, a brief public announcement of your award will be made in the Foundation's quarterly report.

It is a pleasure to report this action to you.

Sincerely yours,

JANET M. PAINE

Assistant Secretary
