December 7, 1966

Dear Mr. Gomide:

I am glad to be able to inform you that you have been awarded a Rockefeller Foundation scholarship in Animal Science for study leading to the Ph.D. degree under the direction of Dr. Carl N. Hollar, Department of Animal Science, Purdue University, Lafayette, Indiana, and/or at other authorized centers. This scholarship will be available for a period not to exceed eight months beginning approximately January 1, 1967, and carries with it a monthly stipend of \$300 payable for the period of your actual study, a monthly family allowance of \$200 if your wife and four children accompany you to or join you in the United States, or \$100 if your wife alone comes, and provision for authorized fees, tuition, and expenses of travel. The beginning date may be adjusted somewhat to meet your convenience and that of your institution. No extension of this appointment is contemplated.

Mr. Richard H. Male, Head of our Travel office in New York, will write to you regarding your visa arrangements. The Foundation is prepared to finance the round-trip travel of your wife from Vicosse to the United States, with the understanding that she would spend a minimum of six months with you in this country during the term of your scholarship.

Your adviser at the Foundation will be Mr. Jesse F. Perry, Jr., with whom you should correspond about any questions which may arise in connection with your scholarship experience.

The enclosed booklet, "Information for Fellows and Scholars," will explain the procedures to be followed while you are a Rockefeller Foundation scholar, and it is suggested that you read it carefully. Following the beginning of your scholarship study, a brief public announcement of your award will be made in the Foundation's quarterly report.

It is a pleasure to report this action to you.

Sincerely yours,

JANET M. PAINE
