Dear Dr. Richardson:

I received your letter of July 21, which announces the approval by the Foundation of the proposed budget for the Project RF 66007 "Collection and Evaluation of Vegetables in Brazil".

I am preparing the list of equipment to be ordered and I hope to send it next week.

I am enclosing the announcements published in two newspapers and I will keep you informed about other reports concerned with the grant.

I also received the check of US\$5,076.000 which was sent to the Banco do Brasil, Rio de Janeiro, to be cashed.

Sincerely yours
